## A bit about DJ Fearntree

I have been providing high quality entertainment across West and South Yorkshire since 2012. I have always had a passion for music, which has grown along with my expanding music library. My equipment is all state of the art, as well as safety checked annually for peace of mind.

I strive to do everything in my power to make sure your wedding day is as successful and as stress free as it can be.

I myself am a proud holder of the DJMark Gold Award, meaning not only am I fully insured and legal, but I provide excellent customer care.

I pride myself in presentation, meaning my wedding setups are tidy, and create a real wow factor, to give you and your guests a wedding reception to remember.

## What Do I Offer?

I offer you and your wedding guests a high quality, modern, disco, without the cheesy tint of the DJ from years gone by.

## Let's Dance!

Right from the first dance to the end of the evening, it is my job to ensure that your dance floor is full.

Music is obviously the most important part of any disco, which is why I work with you to create playlists that incorporates any songs you wish to have.

By telling me what songs and genres you like or dislike, I can create an ambience that suits your requirements.

I have high quality mixing skills, and therefore do not talk on the microphone unnecessarily, however I will happily do any announcements or dedications you may request.
